To whom it may concern:

I am writing to confirm that Belle Plaine Parks and Recreation has had experience working together with Burbach Aquatics since 2004 in the development of our new Family Aquatic Center. This project was successfully completed for the 2010 summer swim season.

Belle Plaine's prior facility was 30 plus years old and proved to be a challenge in all areas of construction & renovation. Renovations included establishment of all new mechanical infrastructure, pool pit, play features, bathhouse, concession stand and more. With the use of exceptional management, architectural personnel, quality equipment & labor force, tasks were completed on-time, with accuracy in compliance with all contract specifications.

At all times I have found Burbach Aquatics to be professional, honest, dependable & courteous in their approach towards working with the Parks and Recreation Department and community members of Belle Plaine, Iowa.

I am happy to provide further information if required.

Sincerely,

Kyle Spading
